## CATHOLIC SCHOOLS WEEK

### *“Living Life to the Full”*

As we adapt to the many challenges and changes that the COVID-19 pandemic has caused, we are given the opportunity to reflect on the things that give our lives meaning. For some, it is family, friends, community sports or hobbies. For Catholics, it is God’s love and wish for us to know and love him that gives life ultimate meaning. Jesus Christ is the revelation of this love, realised through his life, death and resurrection. In response to this, we reflect upon how Catholic schools are communities where we live life to the full.

The past year has once again been a very challenging year for students and indeed for the whole school community. However, there is light at the end of the tunnel and we have a new sense of hope. This Catholic School Week runs from 23 to 30 January 2022.

Every Catholic school fosters the holistic development of its students, promotes their well-being and encourages them to learn and nurture their talent and skills. Each child has the potential to change the world for the better, making it a kinder, more inclusive and more welcoming place.

Last year our focus was on resilience, on reconnecting and re-engaging students. This year it is on living our lives with the hope of a brighter tomorrow and on reconnecting and re-engaging with the wider community as the country opens up and restrictions are lifted. In doing so, we follow the words of Jesus in John’s Gospel: ‘I have come that you may have life, and have it to the full.’
